

# CNC – turning machine

**Name of machine:**  
Max – Müller MDW 7

**Highlights:**

- » 15-fold tool magazine
- » Steady rests for diameter 50 mm to 300 mm

**Machine description :**

Turning lathe for complete machining, powerful and precise. All tools can be driven.

**Workpiece spectrum:**

Flanges, discs, covers, shafts, spindles

**Technical details:**

- » Diameter / flange from 500 mm to 700 mm, length to 200 mm
  - » Diameter / flange to 500 mm length to 400 mm
  - » Diameter / shaft to 300 mm, length to 1750 mm
  - » Control system Eltrotipilot 2
- Traverse:
1. X = 2000 mm
  2. Z = 500 mm
  3. Driven tools thread to M20
